THANK YOU Strathfield Rotary

From the Australian lymphoma community

Despite Lymphoma being a common cancer with a new diagnosis every 2 hours many Australians have no idea what lymphoma is let alone the signs and symptoms.

Your support will change this!

Dear Allan and team,

What a wonderful night last night and we will be featuring this in our next newsletter and I will share this with you once it is written. However, in the meantime we will proudly displays images and stories on our website and FB pages. We can't thank you all enough and we want to let everyone know what a wonderful club and group of people you all are.

Community work is NOT easy and whilst it is always rewarding there is a lot of blood, sweat and tears that happens behind the scenes that is never fully recognised. Your support for us will benefit many Australians with lymphoma. An incurable but potentially chronic disease that can include a number of relapses is a challenge for everyone living with this cancer.

The funds from the Gift of Life Gala Ball will help more patients connect to the latest treatments and as a result their lives can be extended, their quality of life can be improved and for some the cure may be found.

It has been an absolute privilege and an honour to work with you all and again we cannot thank you enough.

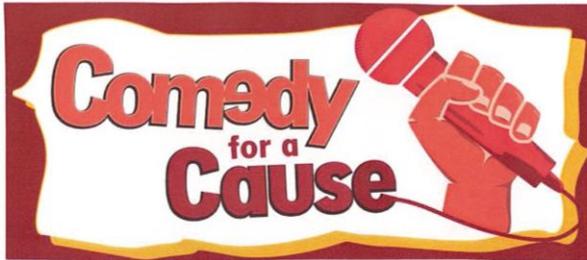

Warmest regards,
Sharon
